You know you elected the right President when he tells a foreign leader that he's targeted 52 locations in remembrance of the 52 Hostages they held for over a year..

This is essential the equivalent of saying "You want some, come get some"

Iran isn't a threat, they know it.

Iran is smart and strategic and all over the world. Iran isn't an irrational actor, but they have the pride of a 5,000 year old culture. I fear they are going to hit back in a way to remind America that they are a real and independent country.

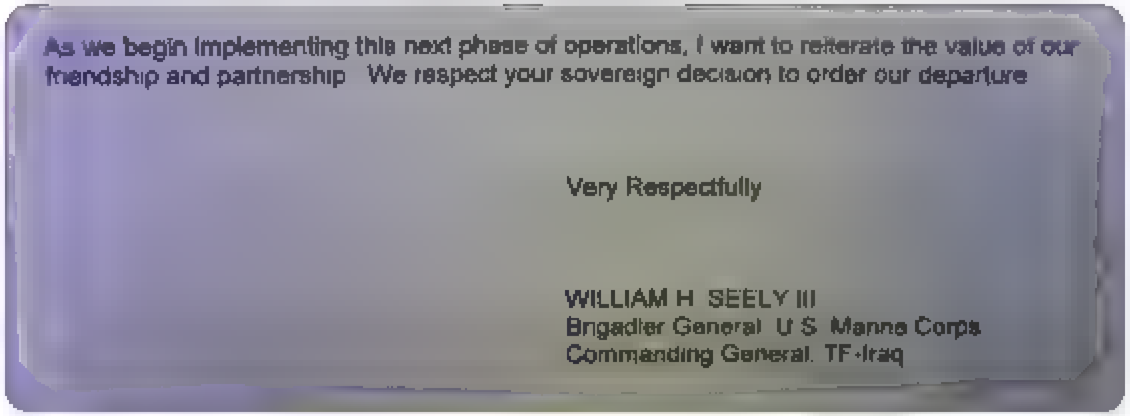
For those claiming the letter didn't mean that American troops were going to leave Iraq, you should read the last line of the letter that is now being called a "draft."



As we begin implementing this next phase of operations, I want to reiterate the value of our friendship and partnership. We respect your sovereign decision to order our departure.

Planes don't crash often. To have one crash near Tehran at the SAME TIME Iran is shelling a base fearing reprisals seemed unlikely. They must've shot it down. Seemed obvious to me

Not so others

Yep. They have republicans that make us believe they are diehard conservatives, but when they're told to vote with the enemy they expose themselves every time because they do what they're told. They always out themselves, but most times people buy their cover story.

Love your stuff but it feels misleading when you tweet stories that are 6 weeks old but about still-continuing stories so it appears to be new news. I don't know if you can fix that w your scheduler or not, but it'd be nice if you could? Maybe add a date or tag or something?

President Obama gave Pearson Publishing a Gov contract worth $350M to create Common Core text for his administrations education initiative.

A subsidiary division of that same publisher then gave Obama roughly $65 million for his book deal after he left office.

# McConnell Slams Door On Pelosi Bid To Influence Senate On Impeachment (VIDEO)

Yes, he did... Send it to the Adults in the room...

Senate Majority Leader Mitch McConnell is fed up with Nancy Pelosi's brazen efforts to dictate the rules in the upper chamber of Congress.

He blasted Madame Speaker's power play as a "fantasy" and a "non-starter", slamming the door on her perception of having influence outside of her domain.

McConnell ripped Pelosi … on the two articles of impeachment that Democrats celebrated before Christmas and sent a clear message that if and when she performs her constitutional duty, that *the adults will assume control of the process*.

**"Their turn is over. They've done enough damage. It's the Senate's turn now to render sober judgment as the framers envisioned."**

It's a sad day when you can hear it in the media's voice how upset they are that the Iraq embassy attack hasn't turned into a disaster like Benghazi because this administration had the guts to actually take action & defend Americans. At least we know whose side they're on!

It bizarre that the left is suddenly saying things like "The killing of Soleimani could spark terrorist actions here at home, Trump has doomed American citizens."

That is one hell of a pivot from, none of the people that we have imported from the Middle East are a threat.

How many of you are aware that I'm being sued by the two most powerful Democrat Law Firms in America in an attempt to silence my Investigations and work.

I can't fight them alone, and I would be honored to have your support.

They want to claim it was just a botched robbery, yet they investigate his laptop? I'm not a police officer or an investigator of any kind but that sounds odd to me. If the FBI didn't investigate the DNC "hacking" then why are they investigating a "botched robbery" murder?

1

**Ken Gibs** @kmsgibs · Jan 7
Isn't the FBI only called in when the local police, either can't handle the investigation or it seems to be "serial issue". Was Seth Rich's death the only of its kind or is there something more going on? Lots of #Q that need answering

My father in-law is a die hard Democrat. On Christmas Day he brought tears to my eyes when he said... "I voted for Hillary in 2016, but after looking at my stocks and how much money I made, I'm voting Trump 2020" ... Best Christmas gift ever

Soleimani was a mass murderer
He killed many Americans and his own people.
This is not Benghazi
Obama did nothing about it.
@realDonaldTrump acted immediately to protect Americans.
Democrats are also Americans and should support our President

Unreal. Video destroyed, guards "fell asleep", body moved immediately violating standard procedure, three broken bones in neck consistent with strangulation, ligature marks not consistent with suicide, etc etc etc. But yeah it was all just a coincidence huh? No cover up. LOL

The President & Sen. McConnell have run out of excuses. They must allow key witnesses to testify, and produce the documents Trump has blocked, so Americans can see the facts for themselves.

The Senate cannot be complicit in the President's cover-up.

The Dems think Trump should've asked for permission from Congress before conducting the airstrike on Iran's top military general.

That's funny

Obama launched 2,800 strikes on Iraq & Syria without congressional approval & the Dems never said a word.

They make a living off of "wild speculation" and get paid no matter if it goes up or down.

They just want to keep the market moving!

I know its thrilling to beat up the Iran s of the world, which is how the Deep State dupes you from the real problems, but our greatest threat is from within. Under Trump and his Neo Con cronies, you have made no more progress with the SR investigation then a HRC regime. Fact.

Matt, I commend your effort with SR. You've given up a job, marriage, the union of a mother-father for their children, and God knows what else. Political friendly s in the Rayburn Building ignored your best evidence. It's still all speculation on your part. Move on in life

Harry is under a spell. Markle wants "the Monarchy" to mean "Megan Markle." Harry's about to ditch his entire life and family for a person who has her self interest, her wants, at heart, not his, not their relationship, but hers.

If so, please e-mail or PM me and I can explain more

All is well! Missiles launched from Iran at two military bases located in Iraq. Assessment of casualties & damages taking place now. So far, so good! We have the most powerful and well equipped military anywhere in the world, by far! I will be making a statement tomorrow morning.

So this is all that they will reveal on who Seth Rich was on the phone with the night he was murdered, which is highly important btw.

Rich placed at least five calls and received two incoming calls, according to the log. The first three were placed before closing time

Pres Trump doesn't want war. Neither do I. Neither do you or Pres Rouhani.

Soleimani wanted war. He was working to spark it with increasing frequency & intensity.

Soleimani overestimated his survivability. Do not overestimate Iran's.

This is a good time to talk. #StopAWar

Good

Donald J. Trump @realDonaldTrump

All is well! Missiles launched from Iran at two military bases located in Iraq. Assessment of casualties & damages taking place now. So far, so good! We have the most powerful and well equipped military anywhere in the world, by far! I will be making a statement tomorrow morning.

Javad Zarif @JZarif

Iran took & concluded proportionate measures in self-defense under Article 51 of UN Charter targeting base from which cowardly armed attack against our citizens & senior officials were launched.

We do not seek escalation or war, but will defend ourselves against any aggression.

Hey man, I noticed personally that AdSense stopped becoming a viable source of income a few years ago when everybody adopted the ad blocking plugins for their favorite browsers.

Merchandise is probably the best route.

Time for some Seth Rich shirts?

I'm already getting sued for Investigating that, and they would love nothing more than to try to say I'm doing this to make money off of his name, which is not, nor has it EVER been the case. I investigate Las Vegas, SR, F&F, & countless other things.

We do have Merch though ;)

We have systematically taken out every country around Iran
Seems like it was either a long term plan or unlikely coincidence. I want peace

The people want peace. Maybe peace needs to be forced on us all

I remember the first Iraq war when an American military expert was on the ground where insurgents had fired mortar's and rockets with terrible aim. He commented "glad they were not Vietnamese" as in Vietnam War. They almost always hit their target

According to the initial police report, Seth Rich was shot in the back and had multiple gun shot wounds to the back. We'll elaborate more on this later

America First Media Group in July of 2017 would speak to the Chief Medical Examiner in Washington, D.C. who did the actual autopsy on Seth Rich. His office would send us this brief and short email to Bill Pierce, Licensed Private Investigator on our team. #SethRich

Talking to several medical examiners, they would never use the terminology of Gun Shot Wounds to Torso, if he was truly shot in the back. We believe that Seth Rich could have been shot in the side, and some of our sources claim this knowledge as well #HisNameWasSethRich

Then you don't know the story.. Fox News is being sued in a massive lawsuit by the parents of Seth Rich..

He absolutely was told to stand down on the reporting of this murder, it came from one of the Murdoch wives who sits on the board of the Clinton Foundation..

Where is the manifest? I want to see who was on the plane & their REAL occupation/Government affiliations.

How many other planes took off during the Missle assault?

Who ordered the pilots to take off in active a warzone?

When American lives were threatened by the most dangerous terrorist in the world, President @realDonaldTrump took action. Qasem Soleimani is gone and when Iran launched missile attacks there were NO American casualties. Iran is standing down and the world is safer!

Imagine the embarrassment of being a Democrat and knowing that MS-13, the Iranians, and ANTIFA, would all caucus for your Party. This party is a disgrace. Get out before it gets worse.

I like Matt but I'm a little disappointed in his decision because the vote meant absolutely nothing and doesn't limit the President in any way. Republicans should stay unified in support of the President and this might cost him his seat in congress. Why did he do it? no sense.

Some of you are saying that Trish showed it on her show. The last rally she didn't. They are inconsistent, and it's infuriating. I'm done depending on them for rally coverage, because it's hit and miss. That's the entire point of this tweet.

And the sad thing, Kevin, is that there are some people listening to this old hag and believe her! Ever listened to or heeded bad advice? I have. With age comes wisdom! I can now smell a rat from a mile away! And when a Dem opens their mouth, it reeks a stench of dead tissue!

Many believe that by the Senate giving credence to a trial based on the no evidence, no crime, read the transcripts, "no pressure" Impeachment Hoax, rather than an outright dismissal, it gives the partisan Democrat Witch Hunt credibility that it otherwise does not have. I agree!

Too heavy for an emergency landing right after takeoff so according to procedure pilots begin to drop weight by releasing fuel allowing the plane to become more responsive and able to land if necessary.

Shitty about the kids.

Maybe we should though sometimes, in a loud but constructive, law abiding way. I am seeing it more at Dem Town Halls. Because we are tired of being bullied by the folks who claim to want love and inclusion. We don't want it to escalate so we need to show the bully that we bite

I can actually answer that. I know, shocker!)
Gen. Amir Ali Hajizadeh, the head of Iran's aerospace division, said his unit accepts full responsibility for the shootdown. He said he suggested Tehran should close its airspace but no action was taken.

The American left and media cover relentlessly for Iran's murderous regime. They claim that staged mass rallies mean the Iranian people are in mourning for Soleimani, and that it's America's fault Iran shot down an civilian airliner.

But the brave people of Iran are not fooled. They have no illusions about the evil men who rule them. As they yet again take to the streets, God bless them and their hope for a better future.

when candidates out-extreme each other with polices and spending without proof or results, they do so fearing the success of the incumbent. These are their debates.

Big Democrat debate in Iowa tonight

Based on the last two weeks and their reaction to @realDonaldTrump's strong defense of the U.S. against Iran, I guess we know what the Dems will be pushing tonight.

Big government socialism & American weakness

The United States has changed from export country to high technology. Our education system does not teach young men what interests them. It will have to change before this trend stops. Shop class's Auto, wood working, construction, welding. We all cannot have perfect jobs.#

This begs the question, is the Bernie campaign being transparent with voters on their intentions?

President Trump's signed a new law to go into effect in 2021 making it manditory for Hospitals to show pricing for patients...

Just like clockwork the Hospital Groups are suing the President to keep their insane pricing tactics confidential..

The majority of American's LOVE President Trump

They are SICK of the Democrat Party.

faith. Gen. Flynn performed his side of the bargain. The government acknowledged this substantial cooperation both in its original sentencing memo and in its statements to the court at the December 2018 hearing.

In the summer of 2019, Gen. Flynn refused to perjure himself for the prosecutors in a case against a former partner in his private business. This refusal to be coerced into a lie led the government to file a new Sentencing Memorandum in which it reversed course and withdrew both its representation that Gen. Flynn provided substantial assistance and its recommendation for a departure, as contractually mandated by the plea agreement.

The government's attempt to withdraw its prior motion and change its position is a breach of the plea agreement – a contract. Pursuant to *Puckett v. United States*, 556 U.S. 129 (2009), Mr. Flynn's counsel must move to withdraw the plea to protect his constitutional rights. When the government breaches its agreement with a defendant, counsel is obligated to seek the appropriate remedy—here, withdrawal of his plea.

America has never lived up to our promise of equality for all, but we've never stopped trying. Virginia brought us closer to that highest ideal today by ratifying the long overdue #ERA.

Maybe they want to practice to be muslims. It is haram (a sin) for a woman to cut, pluck or remove any of their body hair!! That is how you can tell that Omar really doesn't believe because she pluck her eyebrows! Along with her adultery, wearing jewelry etc

Historically British Royals have not fared well when attempting to force their demands on Americans. I am curious as to why the young prince is entitled to any British funds. It seems to me that if he is refusing his royal duties he should not receive the due of a royal.

Isn't it amazing seeing the tens of thousands of people standing outside in the cold and rain outside of the Warren, Buttigieg, Biden, and Sanders rallies..

Oh wait, never mind... Those are Trump Rallies..

No one waits outside for any of those other clowns..

This should not be this hard to get the FBI & DOJ to release all that they have and know about the murder of Seth Rich. It's time for Director Wray, AG Barr, @realDonaldTrump to help get this done now. If we value everyone's life we should settle this mystery now before 2020 vote

**Terrence Kaliner** @TerryKalUSMC · Jan 13

@JudicialWatch maybe this should be put on your list of cases that need your expertise in getting the documents and electronic media that are being held by the FBI. IMO this might be an additional piece of the puzzle of the HRC saga in her run for President and stop Bernie.

For the same reasons I watch MSNBC and CNN... You can't understand how to combat those against us if you ignore them and act like they don't exist.

That's how we got in this mess in the first place, by being cowards, not fighting back, and accepting a PC Culture.

Awful situation, but at one time, Americans were not living next to a damn airport. Consequences of urban sprawl. Open borders advocates talk about all the land we have, well, land isn't everything. Space, elbow room as important as other resources.

Why would Obama ask if Trump had a magic wand if the economy wasn't as bad as we know it was. Even Obama knew it was bad. In fact remember we were constantly told it was the new normal we don't deserve to have a better economy than the rest of the world.

That was the most visible signal that what Demos/Libs/Commie/Globalists are impeaching is Trump's Sharpie !! The executive order power he has to erase Obama's crap & regulations which fed many corrupt officials' bank accounts w/bribes for years!

They are rigging the election again against Bernie Sanders, just like last time, only even more obviously. They are bringing him out of so important Iowa in order that, as a Senator, he sit through the Impeachment Hoax Trial. Crazy Nancy thereby gives the strong edge to Sleepy

....Joe Biden, and Bernie is shut out again. Very unfair, but that's the way the Democrats play the game. Anyway, it's a lot of fun to watch!

Using the powers of the surveillance state to spy on a political opponent's campaign is what you'd expect from Russia, Iran, or China — not the US. I'm pleased AG Barr has announced the first safeguard to prevent this from occurring again.
